Door S'r-I feel it due to you as the inventor of the medicine and to the public, who may be greatly benefitted by it, to state a cure that was performed in my family, by the use of your "Carninative Balsam.

My little son, when about two months old, was wized with a bored complaint, caused, as I suppose, by a change of diet. It continued for two weeks without intermission, and notwithstanding he remedies prescribed by a respectable physician, we gave up the child a victim, as we supposed, to fatal disease, but I providentially heard of Jayne's Carminative," as an effectual cure for owel complaint, and immediately despatched a tle. By the use of this medicine, in less than thirty six hours the disease was checked; and by first symptoms of disease make their appearance, its continued use for a few days the child was which will be noticed by a bad taste in the mouth its continued use for a few days the child was restored to perfect health. Shortly after this, there occurred a similar case in one of the families of my congregacion; I prescribed "Jayne's Carminative," and the result was a speedy cure. From a knowledge of the efficacy of your medicine in bowel complaints, a disease to which children are constantly liable, I have obtained and "Carminative.

The same child, owing to exposure, when recently coming up the Ohio, was attacked by the two pills for a dose. night at Beaver Point, and when our fears were alarmed lest the hoarse sepulchral cough was the forerunner of death, we gave him a teaspoon full of the "Expectorant," (a bottle of which you presented me with when in Philadelphia) and applied some lineament to the throat and breast, and before many minutes the hoarseness was gone, the child breathed freely and slept sweetly. Owing to these circumstances it cannot be wondered at why I have so high an opinion of Dr. Jayne's medicine, and why I advise every family to keep it on hand ready for any emergency.
